1.1.8. Thank you for choosing our repository, We are happy to add you on our list of trusted HDR. AIUI, each.Tuesday, December 30, 2015 What is this? Crayon, pencil, paint, ink, paper...what is it? It is the creation of handmade art. However, since I haven't kept up a blog since early 2013, I couldn't share a lot of those creations with you. Since I am turning 50 this year, I'm trying to create more art that reflects what my feelings are towards this year, and how I hope to see the next. I feel like making a commitment to

my art in the sense of creating artwork for a year has the potential to help me move forward in my own life in many ways. I hope for myself and for you to enjoy the work I create. My art may not be current with your personal life, but it is me trying to find my place in the world.
