A gamer from Japan visited in November 2013. This is his review: - Reacting to a friend's surprise birthday from me, I bought the following game: . It is a very enjoyable game from the RPG genre, with the protagonist being a new fighter that easily advances in the game. Also, this game is a social game, with a minimum of game elements, or so I think. .

The protagonist, and the sister character, fight to stop the dark king from taking over the world. . Although the story line is simple, it is an exciting one that I enjoyed. . The game also has various missions that come in many forms: - Annuma-style Dungeon . This dungeon is a place where you can defeat enemies on a three-tiered circular layout. - A variety of quests from one-off events There are various missions where you have to seek out a certain enemy, while the protagonist can create his party members and give them classes, weapons, and gear. . It is not just a battle system that focuses on combat, but the weapons themselves are extremely diverse, and you can freely put together your own unique party. . In this game, there bff6bb2d33
