OutlookTabs With Registration Code [Updated]

OutlookTabs is Outlook addin, intended to create Outlook "Tabs" in the taskbar and in the ribbon, leaving the main pane empty, similar to Yahoo! Mail Tabs. The user can also create new tab groups and aligns them using 4 patterns. OutlookTabs Features: - Have All Your Microsoft Outlook Tabs in One Place - Add a Tabs in the ribbon of Microsoft Outlook - Windows XP, Windows Vista and Windows 7 Supported - Organize your tabs using user defined group styles - Add or Edit tabs, groups with ONE or MULTIPLE tabs in the main window. - Removes All Other Outlook Tabs - Create new tab groups or drag tab groups to the position you want. - Hide/Show tabs. - Drag tabs to the desired place. - Resize the tabs. - You can even drag and drop empty space on the left side of the Ribbon. - Set different colors for the tabs with the user defined color sets - Windows XP, Windows Vista, Windows 7 and Windows 8.1 supported. OutlookTabs is a very user friendly addin. It has helped me a lot in organizing my email. OutlookTabs makes a difference in Microsoft Outlook. With the help of OutlookTabs, you can create unlimited number of tabs (each tab by itself can be a separate email) in a single window, make them draggable and sortable. If you want to add tab structure to your own email, then OutlookTabs can give the required effect. Now it is becoming more important to design email so that it will be easy to read and to stay organized with such tab structure. OutlookTabs will definitely make this task very easy for you. Tabs are the most convenient way to organize your email. They can be sorted and grouped and you can have multiple tabs in one email and even more multiple tabs in one group. You will not be able to accomplish this task on regular tab panel. With the help of OutlookTabs, you can create unlimited number of tabs (each tab by itself can be a separate email) in a single window, make them draggable and sortable. If you want to add tab structure to your own email, then OutlookTabs can give the required effect. Now it is becoming more important to design email so that it will be easy to read and to stay organized with such tab structure. OutlookTabs will definitely

What's New in the?
