I got following error message: Caused by: java.lang.Exception: Only a release version of this driver is available the MDB JDBC driver version 2.9.2 is available. A: Because MongoDB is working on a new version at the moment (the latest for MongoDB 3.0 is 4.0.2). For more information see: The present invention relates to a method of inhibiting corrosion of metal, more particularly to a novel method of inhibiting corrosion of iron and steel. It has been known to inhibit the corrosion of iron and steel by the addition of a corrosion-inhibiting agent. It is very difficult to inhibit 0cc13bf012
