January 20, 2022 - Nvizzio Creations has teamed up with Hasbro to welcome players back to the classic board game with Monopoly Tycoon, which will appear on both iOS platforms. This is the first version of the board game based on Hasbro Games Monopoly and will feature all of the classic elements of the game, while also introducing new elements that will make the game more accessible to both beginners and more experienced players. With the release of Monopoly Tycoon, players can take control of one of three cities - New York, Chicago or Los Angeles. Players can play the game using their mobile devices including iPhone, iPad and mobile phones.
