The Lands Between is the land inhabited by a variety of people. The Elden Ring has long been entrusted with the rule of this land. The people are divided into two camps: the people of the Light, and those of the Shadow. The former are called the Elden Lords, while the latter are the Unseen servants. Although he is an Elden Lord, the protagonist is only a "Tarnished" whose origin is unknown. He was born at a time when the world was sealed with a curse, and he has lived in the Lands Between ever since. The player's task is to take the part of this "Tarnished" character and bring order to the Lands Between. This is an offline game, purchased with money and downloaded on a computer. (source: www.cocosteam.com) This game is described as fantasy and role playing game. (source: www.cocosteam.com) Some of the other similar games: Zombie Kinfolk: a fantasy themed open world role playing game with real-time world building and player driven economy. Off-Campus Adventures: a 3D fantasy sandbox RPG open-world MMORPG. # Playstation # Nintendo # Windows # Review (from www.pcgamer.com) The total features of Elden Ring are around 70, and the game itself is extremely beautiful. Unlike other games, the scenery stays mostly constant, and your choices will affect it. Players will no doubt find the game very easy to follow, though repetitive and rather static at times. The combat system is also very simple, with minimal variables. Overall, this is a great example of an open-world RPG, but don't expect a completely unique game experience. (from www.giantbomb.com) This is a very simple game, focused on good story. Nothing more, nothing less. The graphics are nice, if not a little over the top at times, and the biggest catch is the basic RPG elements and setting. The story is well written, and the characters are well developed and emotive. The combat system is very basic, and you'll never be able to do anything other than the A.I. will do everything else. Overall, Elden Ring is a very well made, yet a little uneventful game. It may be worth your time if you like the fantasy genre, and are looking for something different. It's also free, so you don't have to worry about wasting money. (bff6b2d33

Over the years, these two races have become increasingly hostile and violent towards one another. A great war began over the control of the land of Tamriel that left both factions decimated and fearful of the consequences of their actions. It would be years before the war's conclusion and the reunification of the two factions, whose populations were now scattered across the continent. The Elven queen was killed and her body was dismembered in order to divide and dominate the other factions with confusion, and fear of being next. It is here where you and your companions begin their quest. Embark on the adventure of a lifetime as you attempt to unite Tamriel once again, following the bloodline of the royal family and defeating the forces of the evil emperor. Features The new fantasy action RPG will offer many features, due to the following elements: WIDE-RANGE VARIETY: Improve your character over time with an evolving set of skills and equipment to achieve your desired play style. TWO CAMPS: Travel by train between cities and towns and mountain ranges, as you discover the wonders of Tamriel, with your companions by your side.
