And I'm now building its website with Django. When user registers, there's always 'admin' in url. Such as I would like to get this "". How to do that? A: You need to remove the admin from url.admin by changing the settings. This will be done automatically when you install the application. urls.py from django.contrib import admin from django.conf.urls import patterns, url urlpatterns = patterns("", #...) patterns("", url(r'^admin/', include(admin.site.urls)),) [Contrast echocardiography and mechanism of ultrasound contrast agents]. Using high-resolution ultrasound (US), blood microcirculation can be visualised at the coronary artery level. This modality of imaging relies on the contrast agent phenomenon and its US technique. Ultrasound contrast agents are microbubbles which are used as drugs in the form of sonovaccines.
